Suas habilidades atléticas vão ser colocadas à prova neste game repleto de desafios Backflip Madness é um game no qual você testará todas as suas habilidades acrobáticas ao realizar uma série de pulos com complexidade crescente. Porém, não basta simplesmente saber realizar os movimentos exigidos pelo game, já que dominar o momento exato em que eles devem ser acionados também se mostra algo igualmente importante. Todos os controles do jogo são feitos através de toques na área inferior direita da tela de seu aparelho. Cada uma das tarefas pelas quais você deve passar exige o domínio total de cada uma das etapas do exercício que é apresentado — quanto mais desafios você supera, maiores se tornam os obstáculos apresentados pelo título. As fases de Backflip Madness são constituídas por diversos obstáculos, cada um mais complexo que o anterior. A única maneira de você chegar ao final da aventura é através da realização de saltos perfeitos, processo que não é exatamente fácil de realizar — caso você falhe, o game oferece uma quantidade limitada de vidas que se renova sempre que uma nova prova é iniciada.
